

# Monticello- Welsh Coal Ash Community Meeting

**January 31, 2024 from 12:00-2:00 pm**

**Civic Center**

**Mount Pleasant, Texas**

*Lunch will be provided by the Mount Pleasant Economic Development Corporation*

On January 31, 2024, the U.S. Environmental Protection Agency (EPA) will hold a community meeting for the general public at the Mount Pleasant Civic Center to discuss the impacts and regulation of coal ash produced from the burning of coal in coal-fired power plants and any local environmental issues.

The meeting will include presentations from EPA about coal ash and information on other EPA programs and resources available to the community.

The community meeting will also include a listening session, during which EPA will invite community members to share their thoughts related to coal ash, local environmental issues, and their community.
